MEMORANDUM FOR THE RECORD

25X1A 1. The book of Surveyors was hand-carried to
25X1A [] on 9 March after [] had been
cleared for T-KH. Security arrangements have been
arranged for the storage of material in his safe.

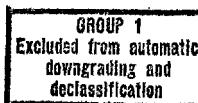

25X1A 2. [] plans to review the Surveyors,
particularly the items related to health of VIPs,
but also other life sciences subjects. He promised
to call me when he is ready to read new material.

25X1A This will be supplied on a weekly basis when
[] so indicates.

SUBJECT:

REMARKS:

has completed his briefing
of
 Arrangements have all been made for
 to retain this Codeword material
in his safe.

This is returned to you to complete your
action. It is suggested you work out arrangements
with to have these hand-carried to
 and retrieved in the same manner.

TO:

SUBJECT: Surveyors

REMARKS:

1. Items dealing with health of foreign VIPs have been clipped as you requested. In addition, we have clipped one significant item on health conditions in the Dominican Republic. You may note that there are other life sciences articles which would be of interest to e.g., "no evidence of BW use by Viet Cong."

25X1A

2. I presume that your request for the items on VIPs is related to my remark the other day that guessed this might be interest and that perhaps Bud wished to let him see the work that OSI is doing in this area. However, Bud made no statement other than directing that receive the 30 days' supply of Surveyors enclosed in a book.

SUBJECT: Surveyors

REMARKS:

1. Attached is the previous month's supply of Surveyors I put together at the request of Dr. Wheelon and which I'm to hand carry to ASAP. I mentioned that is only cleared for SI, Crypt, I and O, whereupon Dr. Wheelon asked that we institute a request for to be cleared for T-KH.

2. Perhaps we might have do the paperwork or would you wish to take care of it through your security staff?

3. Incidentally, I talked to and he has not requested these publications nor has he asked for any security clearances so apparently the initiation is on Bud's part.
